RE: Letter of Recommendation

It is a pleasure to provide this letter of recommendation for Ms. Michelle A. Broadnax, who served as the facilitator for Session 2—**Understanding Healthy Relationships**—in the Domestic Violence Rehabilitation Program hosted by the Department of Gender Affairs in St. Kitts. This session was held in March of this year, and Ms. Broadnax's expertise, professionalism, and dedication to fostering meaningful discussions contributed significantly to the success of the program.

Ms. Broadnax possesses a deep understanding of the complexities surrounding healthy relationships, particularly within the context of domestic violence rehabilitation. Her ability to engage participants with empathy, clarity, and well-structured content was evident throughout the session. She seamlessly blended theoretical knowledge with practical strategies, allowing attendees to recognize and cultivate healthier interpersonal relationships. Notably, she incorporated the framework of her own organization, *Purifications International Enterprise (PIE)*, drawing from her "5 S's & a C That's Me" *Women's Development and Training Program* curriculum to provide a structured and impactful learning experience.

One of Ms. Broadnax's most commendable qualities is her interactive and inclusive facilitation style. She created a safe and supportive environment that encouraged open dialogue, enabling participants to share their experiences without fear of judgment. Her well-researched materials and dynamic approach ensured that every individual, regardless of background, left the session with valuable insights and actionable steps for fostering positive relationships.

In addition to her facilitation skills, Ms. Broadnax demonstrated exceptional professionalism, adaptability, and commitment to the objectives of the program. She was well-prepared, punctual, and highly responsive to the needs of both the participants and the program organizers. Her contribution has left a lasting impact on the women served by the program, empowering them to make informed and healthier choices in their personal lives.

Beyond her role in Session 2, Ms. Broadnax has shown continued dedication to the Domestic Violence Rehabilitation Program. She volunteered to co-facilitate Session 3—**Emotional Resilience and Coping Skills**—in April, further exemplifying her commitment to supporting domestic violence survivors. Additionally, she generously offered to sponsor a transportation bus to ensure that clients have access to attend the session. Her willingness to go above and beyond reflects her genuine investment in the well-being and empowerment of participants.

Ms. Michelle A. Broadnax is highly recommended as a facilitator for any initiative focused on relationship education, domestic violence rehabilitation, or personal empowerment. Her knowledge, passion, and ability to connect with participants make her an invaluable asset to any program.

Should additional information be required regarding Ms. Broadnax's contributions, please do not hesitate to make contact.

B. Charles
